MAKING CONNECTIONS INITIATIVE

ACCESS TO PRIVATE TRANSPORTATION: MAKING CONNECTIONS TEN-SITE SURVEY

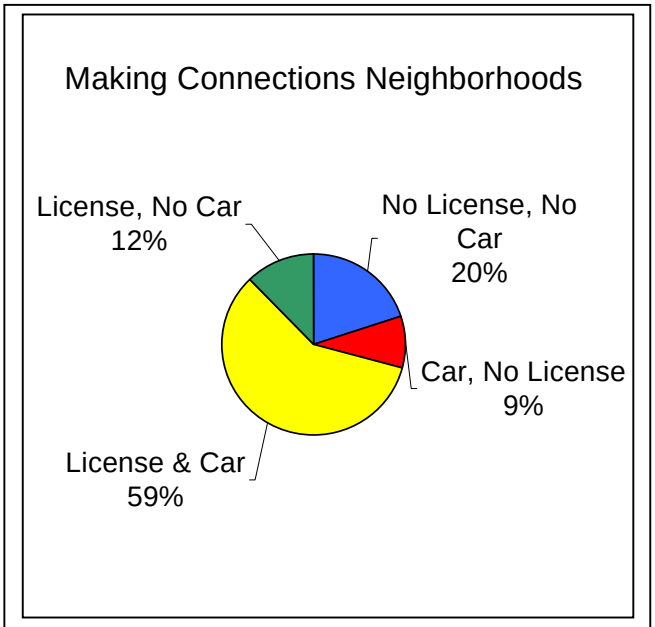
Margy Waller

December 2005

THE URBAN INSTITUTE
WASHINGTON, DC

Access to Private Transportation:
Making Connections Ten-Site Survey

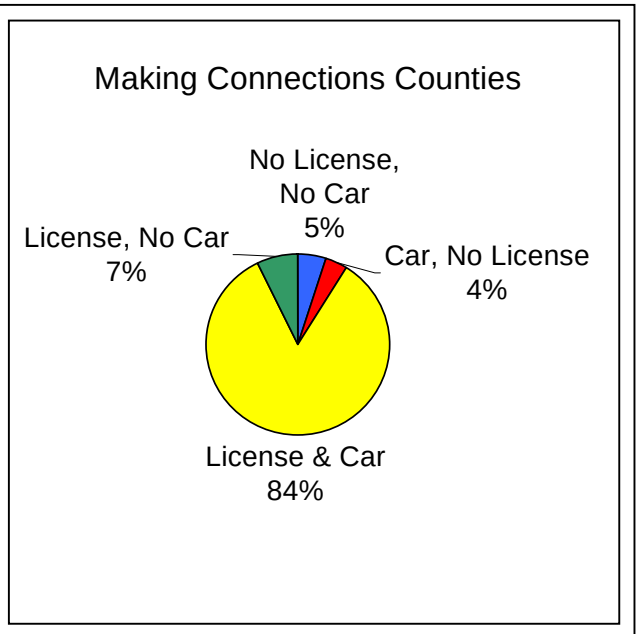
Fig. 1: In the Making Connections Neighborhoods, do respondents have a license? A car?



Making Connections Neighborhoods

- 71% have a valid driver's license.
- 68% have a reliable car.
- 59% of respondents have a valid driver's license and a reliable car. 20% have neither.

Fig. 2: In the Making Connections Counties, do respondents have a license? A car?



Making Connections Counties

- 91% have a valid driver's license.
- 88% have a reliable car.
- 84% of respondents have a valid driver's license and a reliable car. 5% have neither.

Facts about the Ten Making Connections Sites

Making Connections Sites
National survey includes the following ten places: Denver, Des Moines, Hartford, Indianapolis, Louisville, Milwaukee, Oakland, Providence, San Antonio, and Seattle.

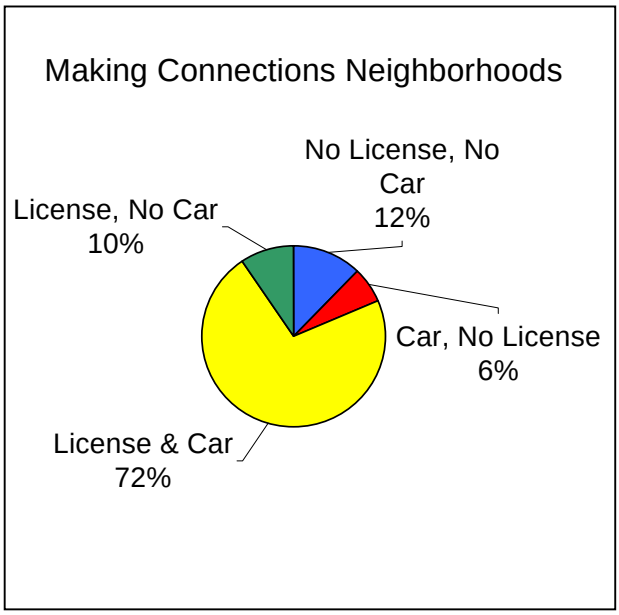
Unemployment

- 37% of Making Connections Neighborhood respondents are unemployed.
- 25% of County respondents are unemployed.

Citizenship

- 14% of Making Connections Neighborhood respondents are non-citizens.
- 7% of County respondents are non-citizens.

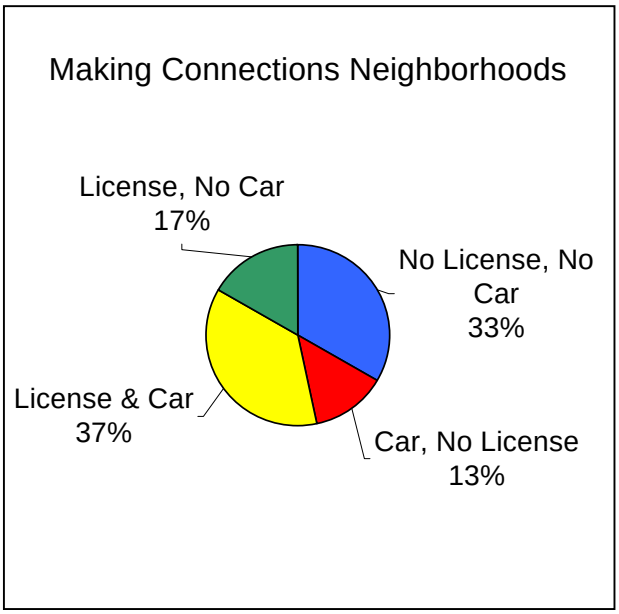
Fig. 3: In the Making Connections Neighborhoods, do *employed* respondents have a license? A car?



Making Connections Neighborhoods

- 82% have a valid driver's license.
- 78% have a reliable car.
- 72% have a valid driver's license and a reliable car. 12% have neither.

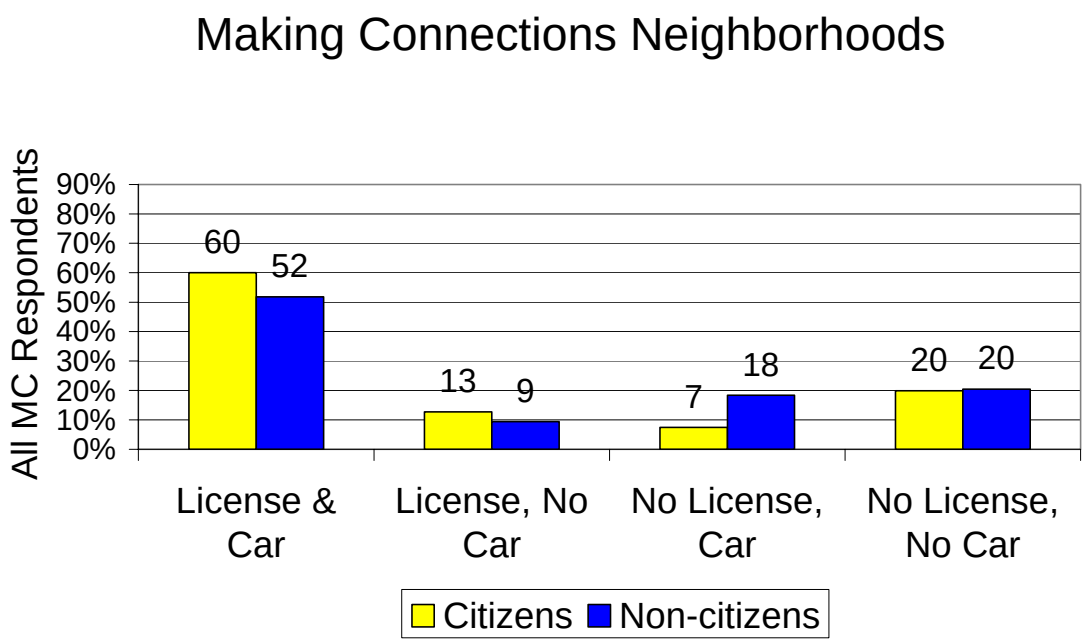
Fig. 4: In the Making Connections Neighborhoods, do *unemployed* respondents have a license? A car?



Making Connections Neighborhoods

- 54% have a valid driver's license.
- 50% have a reliable car.
- 37% have a valid driver's license and a reliable car. 33% have neither.

Fig. 5: In the Making Connections Neighborhoods, do respondents who are citizens and respondents who are non-citizens differ in access to a car? A license?



Making Connections Neighborhoods

- 73% of citizens and 61% of non-citizens have a valid driver's license.
- 67% of citizens and 70% of non-citizens have a reliable car.
- 60% of citizens and 52% of non-citizens have both a valid driver's license and a reliable car. 20% of citizens and 20% of non-citizens have neither.

Source: Annie E. Casey Making Connections Cross-Site Survey of target neighborhoods and households living in surrounding counties. Statistics are based on tabulations of data prepared by the Urban Institute.

Fact Sheet: Designed and prepared by Brookings Institution Welfare Reform & Beyond, Visiting Fellow Margy Waller and Research Assistant Jennifer Doleac.

Data are drawn from responses to the following questions:

Reliable car
Does anyone in your household own a car, van or truck?
Is this vehicle dependable?
(Note: In this fact sheet, the "no car" group includes those who say their car is undependable.)

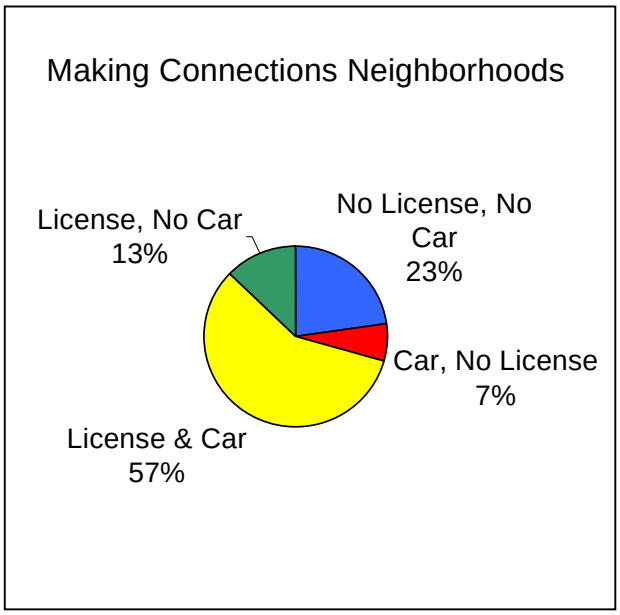
Valid driver's license
Do you currently have a valid driver's license?

Employment status
Is the respondent employed?

Citizenship
Are you a citizen of the United States?

Access to Private Transportation:
Denver, Colorado

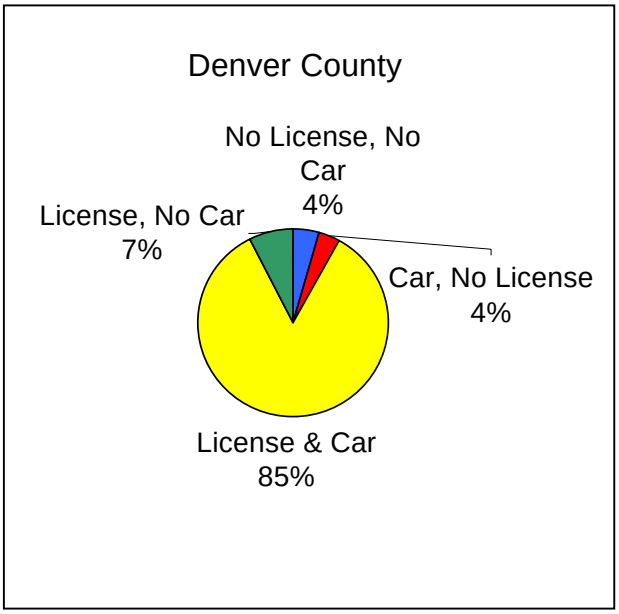
Fig. 1: In Denver, do respondents have a license? A car?



Making Connections Neighborhoods

- 70% have a valid driver's license.
- 64% have a reliable car.
- 57% of respondents have a valid driver's license and a reliable car. 23% have neither.

Fig. 2: In Denver County, do respondents have a license? A car?



Denver County

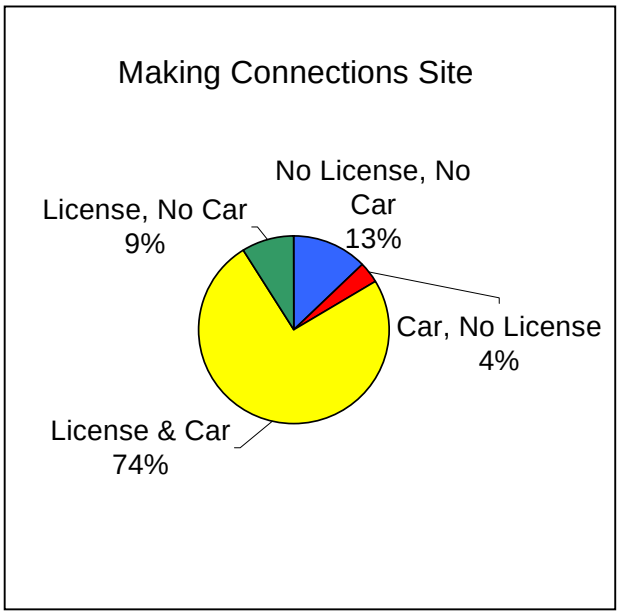
- 92% have a valid driver's license.
- 89% have a reliable car.
- 85% of respondents have a valid driver's license and a reliable car. 4% have neither.

Facts about Denver

Unemployment

- 38% of Making Connections Neighborhood respondents are unemployed.
- 22% of Denver County respondents are unemployed.

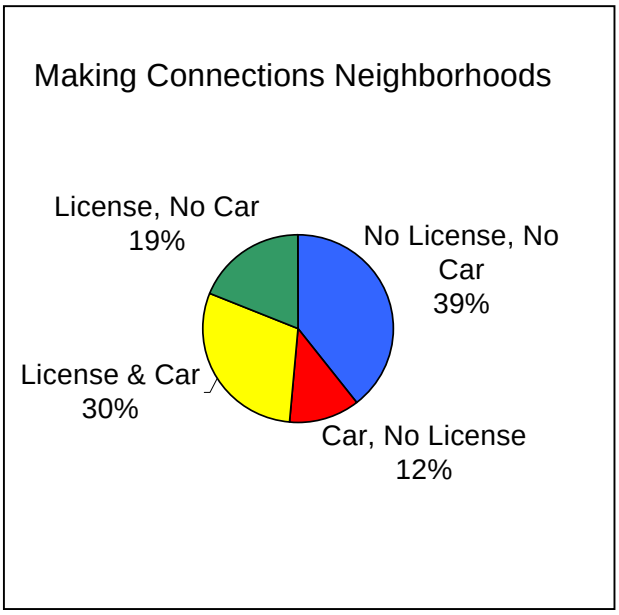
Fig. 3: In Denver, do *employed* respondents have a license? A car?



Making Connections Neighborhoods

- 83% have a valid driver's license.
- 78% have a reliable car.
- 74% have a valid driver's license and a reliable car. 13% have neither.

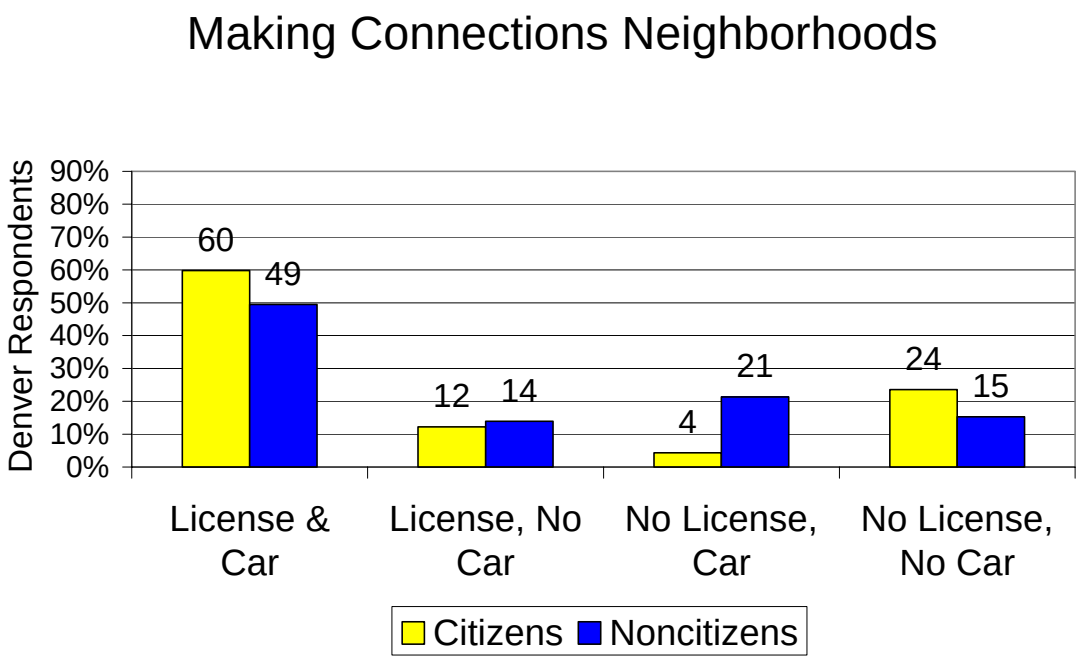
Fig. 4: In Denver, do *unemployed* respondents have a license? A car?



Making Connections Neighborhoods

- 49% have a valid driver's license.
- 42% have a reliable car.
- 30% have a valid driver's license and a reliable car. 39% have neither.

Fig. 5: In Denver, do respondents who are citizens and respondents who are non-citizens differ in access to a car? A license?



Making Connections Neighborhoods

- 72% of citizens and 63% of non-citizens have a valid driver's license.
- 64% of citizens and 70% of non-citizens have a reliable car.
- 60% of citizens and 49% of non-citizens have both a valid driver's license and a reliable car. 24% of citizens and 15% of non-citizens have neither.
