✓ Question number will not change

6.39_1 When you apply for credit, lenders want to know the risk that they would take if they loaned you money. Your "credit score," which is sometimes called your FICO score, is what most lenders use to determine your credit risk. Have you been told what your credit score is?

PROMPT (IF NEEDED): I don’t need to know the actual number, just whether or not you know what your score is.

- YES ....................................................................................... 1
- NO ...................................................................................... 2
- DON'T KNOW .......................................................... DK
